SOMETHING TO DREAM

The noblest question in the world is, "What good may I do in it?"

FOR CAREERS

Hopefully all of us have dreams of doing good in life. Whether we are a leader or follower, it is important to choose a career in which we are able to learn and apply our knowledge in ways that contribute to the betterment of ourselves and mankind.

SOMETHING TO DREAM

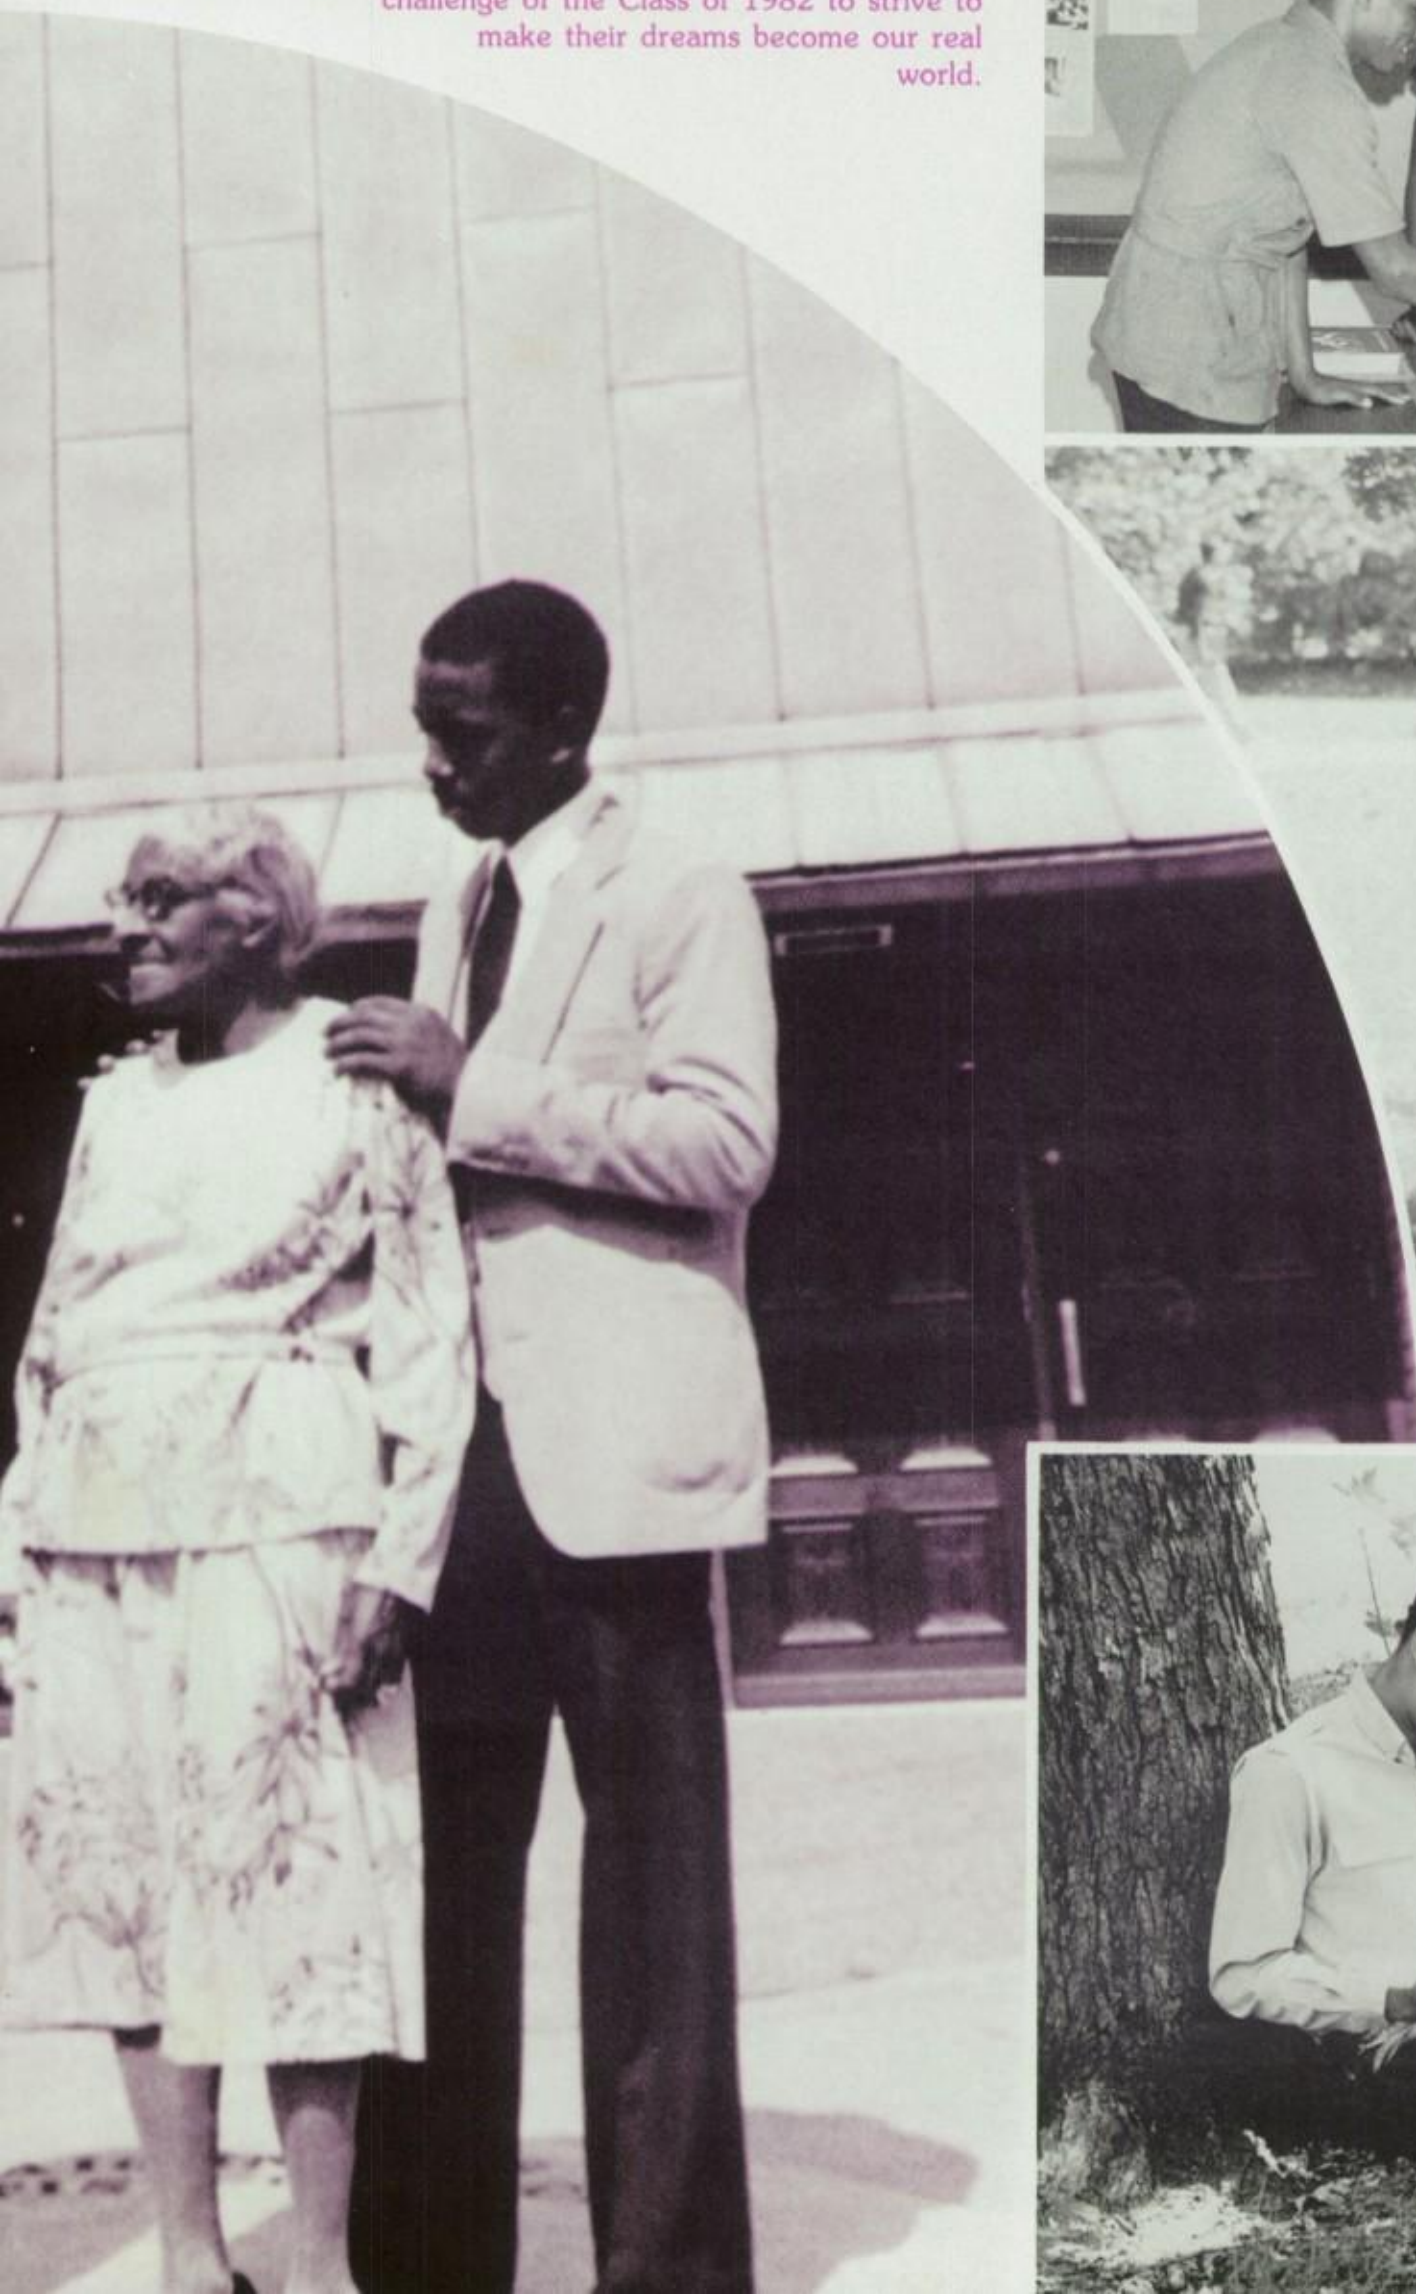

"I have a dream that one day . . . the sons of former slaves and the sons of former slave owners will be able to sit down at the table of brotherhood."

Martin Luther King, Jr.

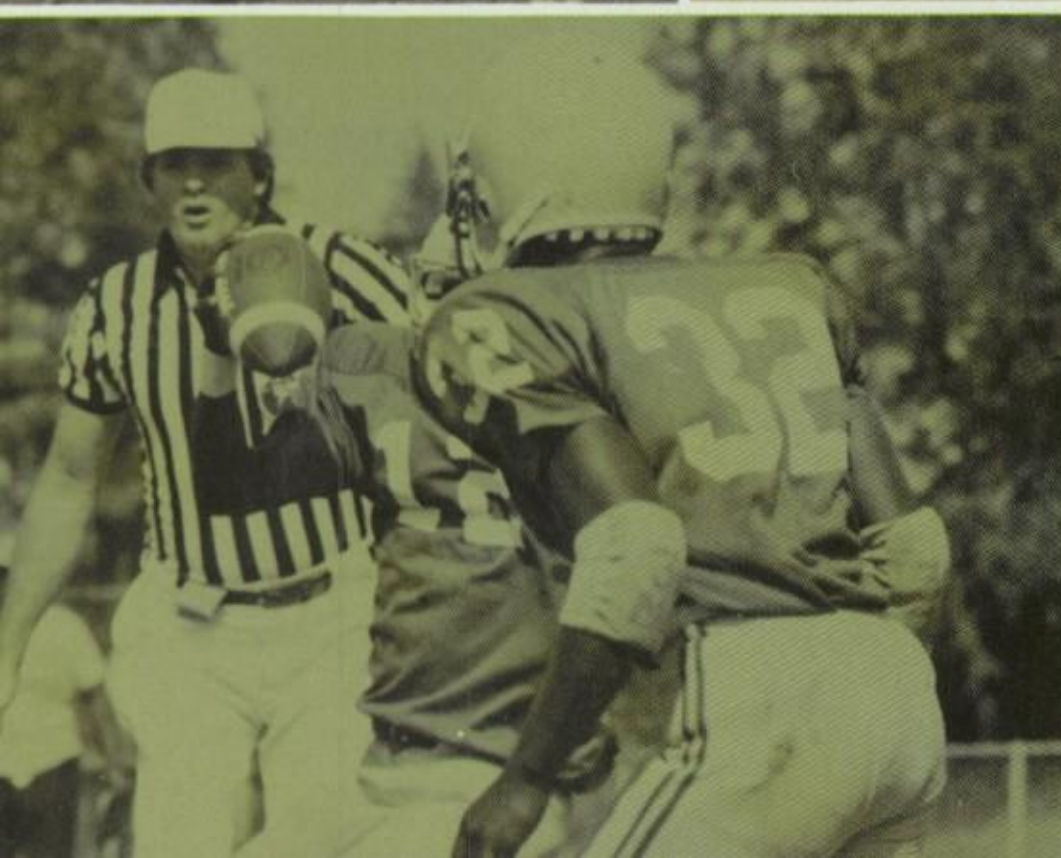

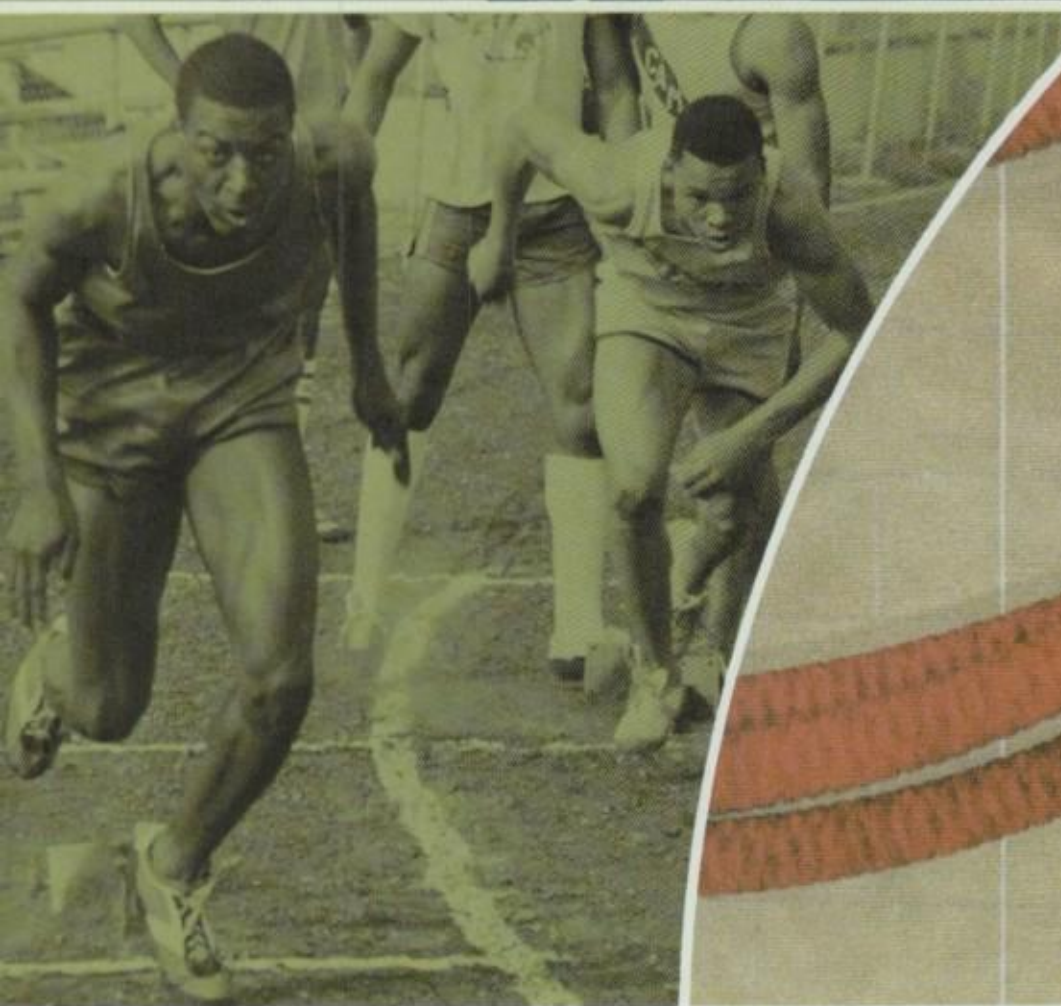

FOR BROTHERHOOD

Martin Luther King's dream was shared by a King of Biblical times who also advocated love, peace, and charity for all people. The two men are gone, but their dreams remain. It is the challenge of the Class of 1982 to strive to make their dreams become our real world.

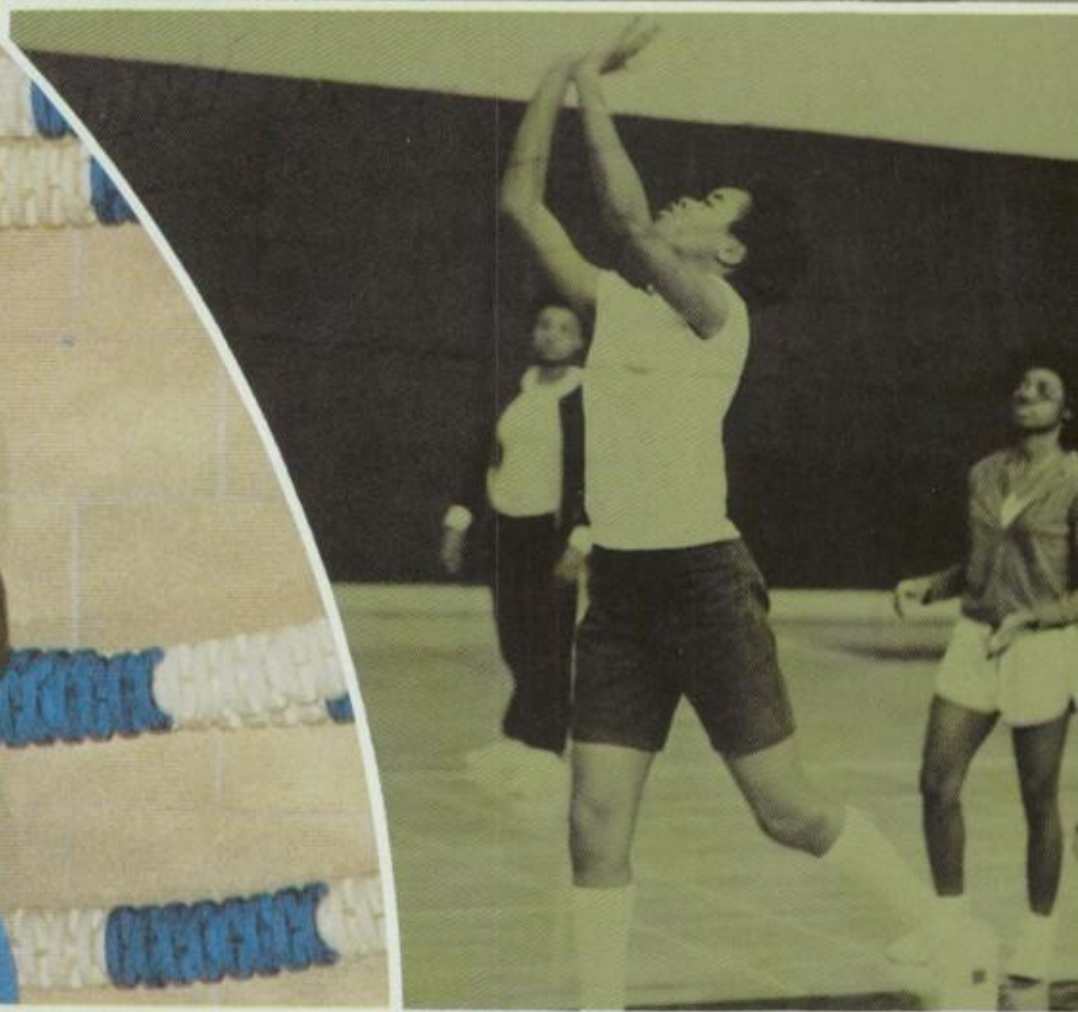

SOMETHING TO DREAM

"If the head and the body are to be well, one must begin by curing the soul."
Plato

FOR HEALTH

One's mental and physical stability are the necessary tools for the cultivation of one's soul. We dream of physical fitness and a sound mind for all, for "when wealth is lost-nothing is lost; when health is lost - something is lost; when one's soul is lost - all is lost".

SOMETHING TO DREAM

"A family without government is like a house without a roof,
exposed to every wind that blows."
Matthew Henry

FOR FAMILY

The dreams of every man and woman originate from the hopes of their family. Likewise, it is the family that provides the building blocks of character that determine one's future.

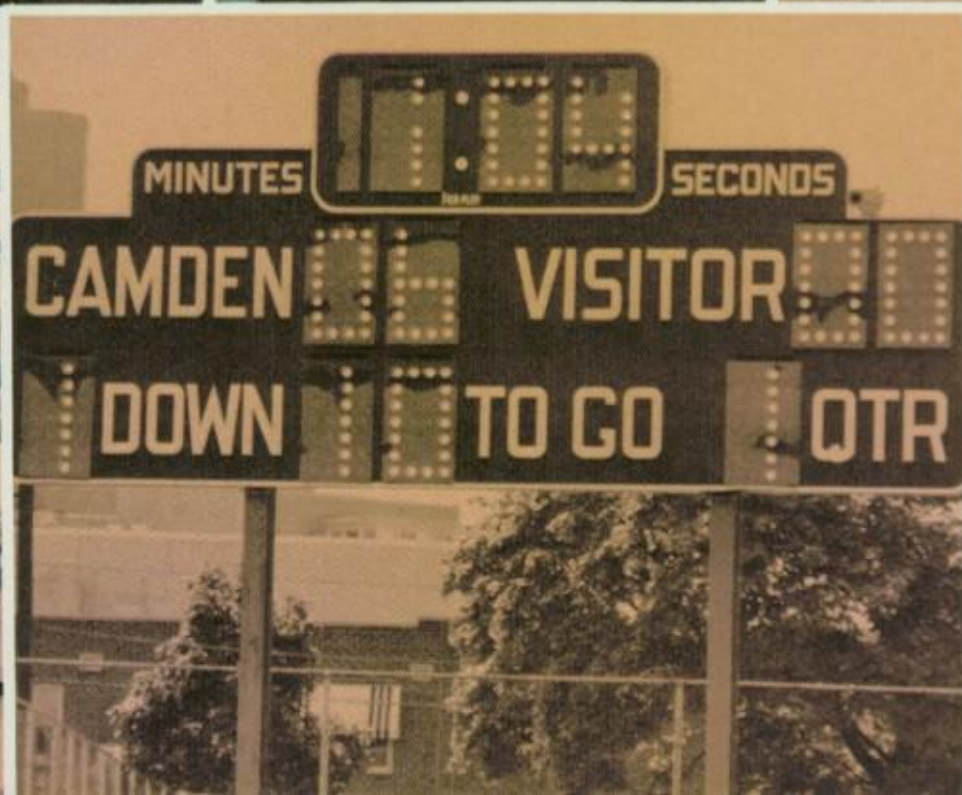

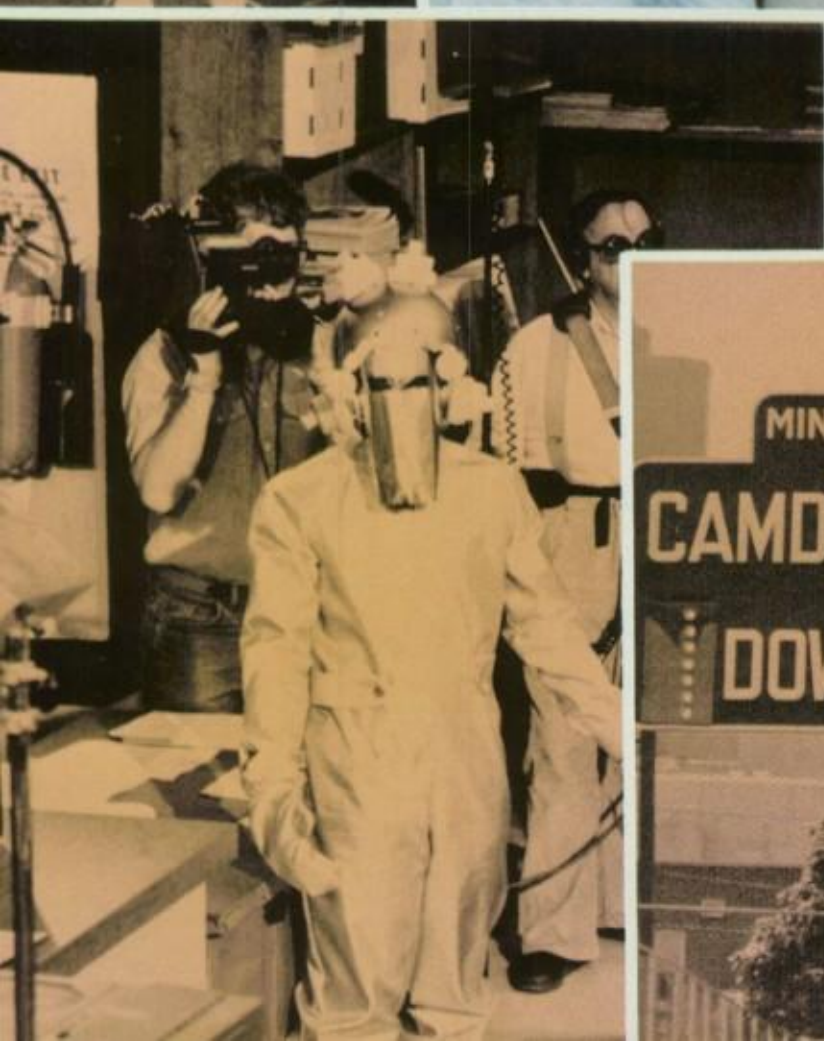

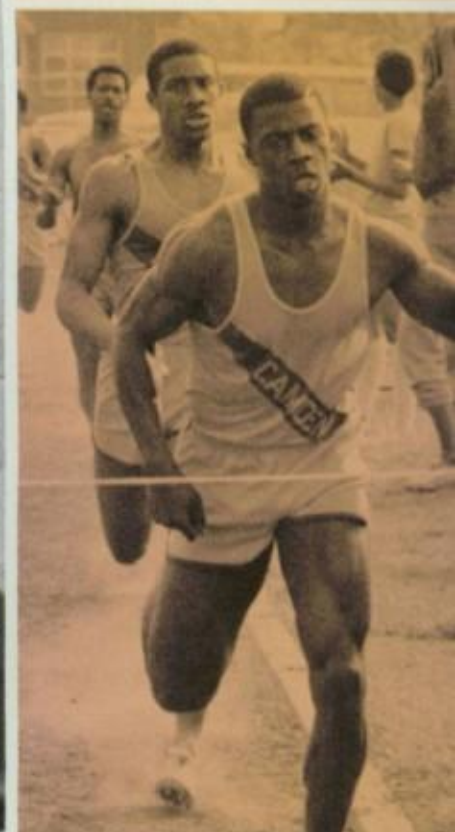

Accordingly, man sees himself as the originator of his family and his offspring hopefully will be the proud representatives of his existence.

OUR DREAM SUCCESS

"He who climbs highest is he who helps another up."
Anonymous

Everyone has his own dreams of success. Some dream of becoming doctors or lawyers; others dream of happiness; still others will find success in their various accomplishments. Regardless of how one chooses to define success, however, it remains important that it include benefits to others as well as themselves.

and cheap, only charged 2 cents an inch. Who was it that got in for 36 cents? (How much do you think it would cost now?) For those who were in need of some 'cents', we had several cake sales for them.

Then as Sophomores, we decided that we wanted to go somewhere and we needed money. Desperately, we turned to the selling of posters and buttons. The buttons didn't make the scene but the posters went like wildfire. With that money they burned rubber to **The Downingtown Inn.**

Coming back to reality from a fantastic trip, our fearless Sophomore men realized that they had a very important basketball game with the Senior men. Of course, our men lost, but we made it an exciting contest.

On the other hand, for those of us who were flying with spirit, the year was highlighted by the construction of an outstanding homecoming float. Our theme was **CLASS of 82 MAKES THINGS HAPPEN!**

As we floated to our third year, we developed more sophisticated amusements, such as, guessing beans in a jar. We made eleven dollars off of the unlucky contestants. Later in the year, we learned that if you can't beat them, join them; so we did.

Between the years of 1963-1964, there was a population explosion. These babies were born for the Class of '82.

Just like other babies, they grew to learn certain words, like "goo-goo," "da-da" and "what's happenin'." They learned particular skills, such as, tying their shoe laces, buttoning their coats, and speaking with respect.

In 1970, these specially trained "kids," went on to learn bigger and better things. Elementary schools, such as, Whittier, Broadway, Sumner, and Lanning Square were soon invaded with these little munchkins. From first grade to the fifth, they seemed to rule the halls and especially the cafeterias of these poor, defenseless but wonderful schools.

From elementary school, these little wonders progressed to the Camden City Middle Schools. Hatch, Pyne Point and Morgan Village were graced with the presence of the Class of '82. Naturally they couldn't hold us there and we had to move on. Our next adventure was to grace the halls of Camden High School.

From the roughhousing of Middle School, the Class of '82 turned to more sophisticated means of excitement, such as, a Waist Line Party. Our gracious class advisors, realizing that we were Freshmen,

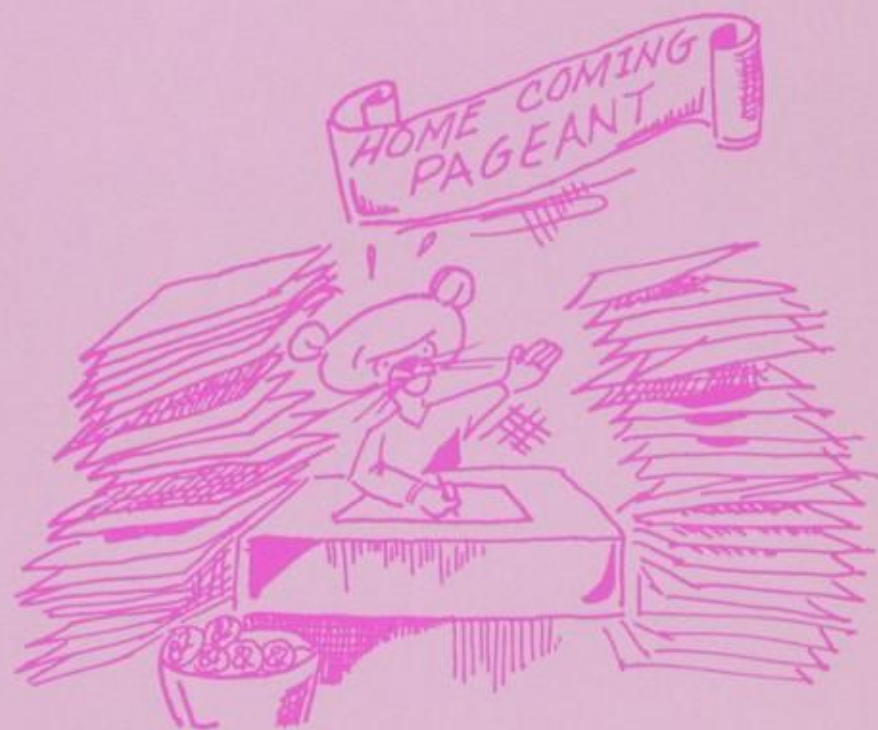

We joined in with the seniors for a night of horror. In mid-October, a horror film was shown for everyone, secretly featuring the Junior class.

Getting into the Christmas cheer, we decided to put yuletide decorations on the Annex ramp. By the end of the year, the sweet young ladies of our class built up enough frustration and humiliation to challenge the female faculty to a Powder Puff Football game. With dignity, sore backs, and broken limbs, our sweet young ladies walked off the field with victory. After everyone had composed themselves, they were able to put together a Junior Prom. We were proud of our "End of the Rainbow."

On September 9, 1981, we entered Camden High School as Seniors, our final adventure. Starting off on a good foot, we decided to have another horror film. This time our 'Fright Night' feature was "The Texas Chainsaw Massacre." Of course, stopping there wasn't enough, so we decided to have a Faculty/Senior Talent Show and see what else the faculty had going for them besides books.

Since some of our "family" had trouble distinguishing us from the common underclassmen, we supplied "T" shirts to the tune of \$7.00.

"Get Down, Baby Bubba Baby, get Down!!" is a phrase which, perhaps, best describes the Class of '82's most memorable events. We know how to do it right, and do it with style and class.

Making a decision about where to have the Senior class trip was a most difficult task. We thought about Tennessee, the Bahamas and of course, good ole Florida, where, it seems, everybody goes. Finally, our minds were made up and everyone figured it didn't matter where the Class of '82 went, we were going to "Do it to it" and have a good time.

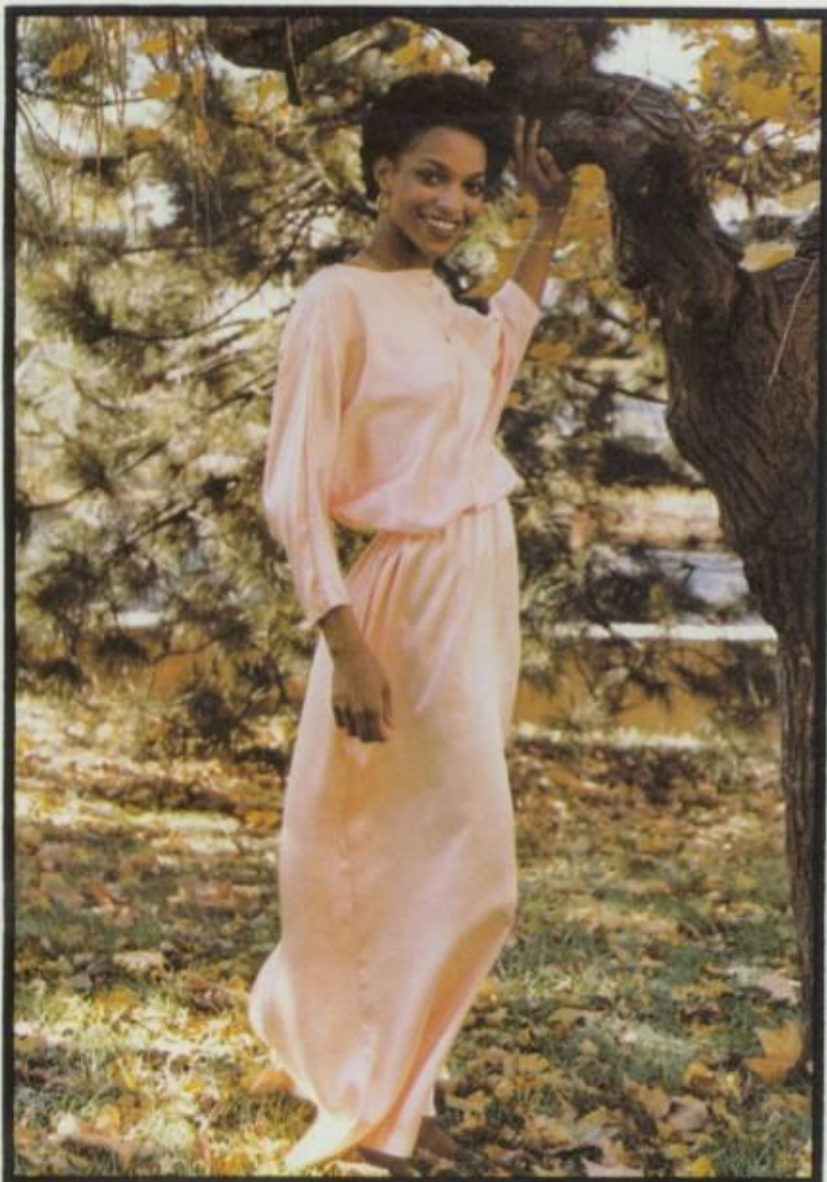

The Senior Prom was a night to remember. Everyone looked so picture perfect in their formal attire that many of us could not believe we were looking at "our friends."

Graduation was the culmination of our high school years and the ending of our young, fun-loving, dreamful lives. Now it was time for us to pursue our childhood dreams and become one of the human realities, challenging the world and its problems.

TRACK STARTS SET RECORDS FOR THE HIGH

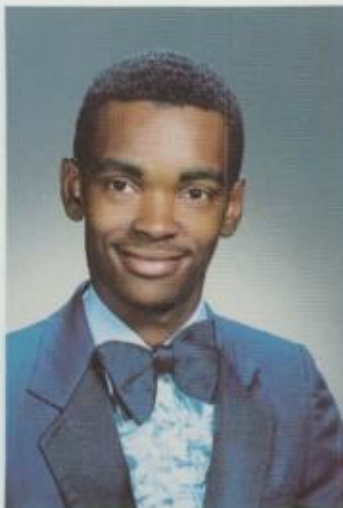

Martin Sartin, Valerie Williams, and Barry Alexander have excelled in track during their years at "The High". All have received various medals, trophies, ribbons, plaques, and have made the All South Jersey track team.

Martin Sartin excels in the 400 meter run as he holds many records for his efforts. Likewise, his speed has earned him triumphs in both the 100 and 200 meters.

Barry Alexander, an excellent sprinter, holds records in both the 100 and 200 meters. Quite expectantly, he had the second fastest 100 and 200 meter times in Group 4 Conference in 1981. For 1982, who knows?

Barry and Martin have teamed to help break records in the 1600 meter relay in such prestigious events as the Woodbury Relay Meet of Champions, and the Penn Relays.

Valerie, on the other hand, was Camden County's long jump champion, placed 2nd in the hurdles, and ran on the winning 1600 meter relay. She has competed all over the East Coast in such meets as the Junior Olympics, the AAU National Track and Field Meet, and the East Coast Invitational Meet.

CHS PLAYS VITAL ROLE IN NASA EXPERIMENT

Five, four, three, two, . . . ignition. The Shuttle engines fire, the air crackles, and hearts pound.

Inside the Shuttle bay, not far from the Space lab pallet, hangs an aluminum cylinder. It's only the size of a 20 gallon trash can, but its size deceives its importance. Inside the NASA canister is the work and the dreams of hundreds of people. It is the Orbit '81 experiment.

Inside the canister an accelerometer is tripped causing an apparently dead container to come to life. A small computer is turned on a fluorescent light flickers, and then comes to full power, throwing 8 watts of light onto a colony of carpenter ants destined to become the most celebrated arthropods in modern history. For the first time in the history of earth, a social animal in its colony is without gravity. What do the nursery ants do when they are faced with for the first time in the history of their species, floating ant eggs?

The nation . . . indeed the world . . . looks to Camden High for the answers.

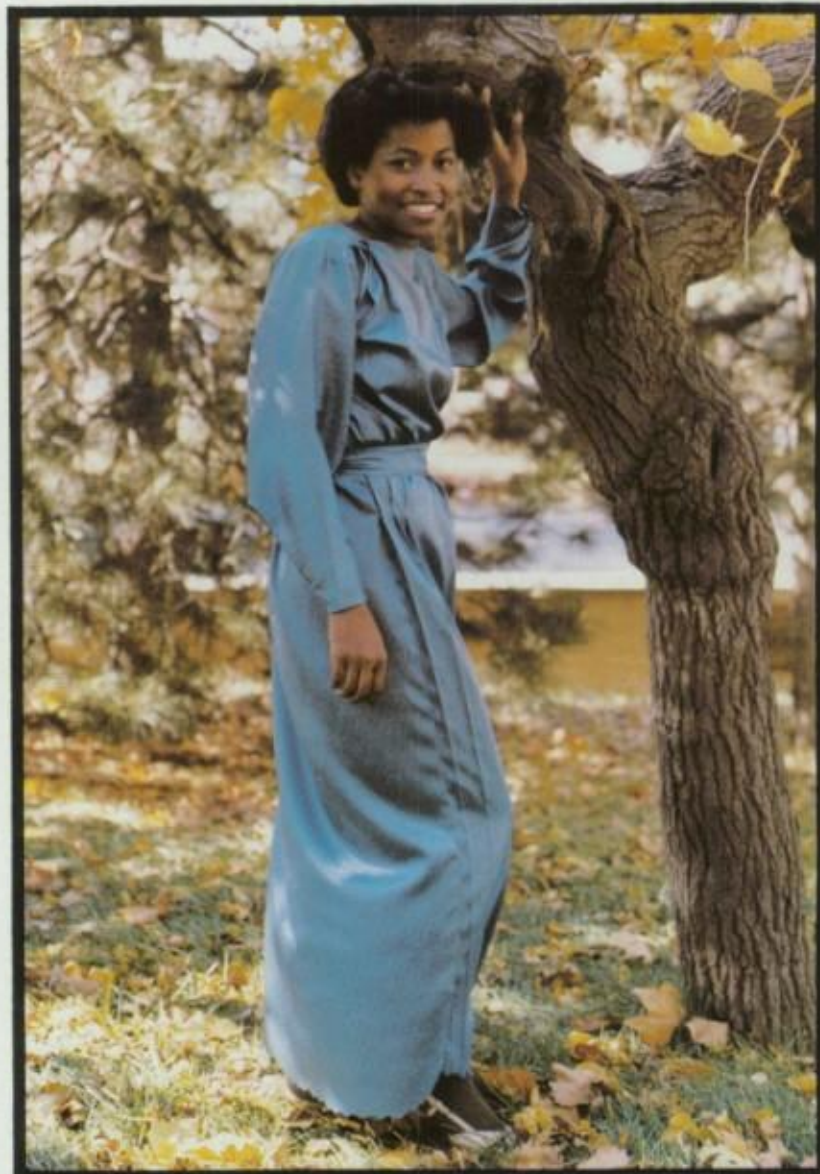

ROSIE HUNTLEY HOMECOMING -2ND RUNNER- UP

Rosie Huntley has been active at CHS in such organizations as Gospel Choir, Concert Choir, Steering Committee, and Home-room Representative. This year she added the Senior Homecoming Pageant. Born March 6, 1964, she follows the characteristics of a Pisces.

Her future wishes include a career in sociology where her thoughtful and understanding manner will truly bring her success.

Escorted by Ronnie Leary, Rosie added that special ingredient to our Homecoming celebration.

ANGELA HART SELECTED FOR W. INDIES WORK

OPERATION CROSS-ROADS is a unique program which provides high school and college students with learning experiences by sharing the cultures of Africa and the West Indies. From June 30th to August 11th, Angela Hart spent her time working with the children in Anquilla, West Indies.

Angela was selected for the summer study program by her teacher Ms. Tomassi because of Angela's academic ability, her interest in the culture of others, her leadership, and her sensitivity to the needs of people.

Teaching dance to about fifty children each day provided Angela with some of the most memorable learning experiences of her life.

CHS HISTORY IS ONE OF PROGRESS

On February 5, 1891, the Camden Manual Training and High School was established at 125 Federal Street, with an enrollment of 48 young men. Three years later the school was reorganized and a class of girls was admitted. An expansion of the facilities included 123 Federal Street and an increase in the student body included a third group of students who entered in November 1894.

However, the facilities of these two buildings were unable to accommodate the entire student body and the Camden Manual Training and High School was forced to relocate. It was moved to a site on the corner of Haddon and Newton Avenues in October 1899. Urban development and a steady increase in enrollment made the building uncomfortable and unbearable.

Through much hard work and effort a new building was constructed and the Camden Manual Training and High School moved to its present location. In April 1918, when this change of locality occurred, the school's name changed to Camden High School.

**CHS
TOP TWENTY
HONOR STUDENTS**

SUPER SENIORS

In today's complex, computerized world, academic achievement has become more and more significant in attaining one's goals. Dedication, self-discipline, industriousness, preservice, and initiative are just some of the characteristics that mark the honor student.

The **Purple and Gold** staff though it would be interesting to report some of the inspirational and guiding thoughts and philosophies of CHS'S **Top Twenty Honor Students** as measured by Class Rank of June, 1981.

Marilyn Gordon: "With all the infinite possibilities of spiritual life before you, do not settle down on a little patch of dusty ground at the mountain's foot in restful content. Be not content until you reach the mountain's summit." - J.R. Miller

Susan Perkins: "I am rather like a mosquito in a nudist camp; I know what to do, but I do not know where to begin". - B. Franklin

Lorenzo Holloway: "Evegi monumentum perennius quam a era altius quam pyramidum regali situ quod iber impotens pquilo aut innumerabilis series annorem et fuga temporum non diruere." - Horace

Kimberlee Buell: "I will lift up mine eyes unto the hills from whence cometh my help. My help cometh from the Lord which made heaven and earth. - Psalm 121:1-2.

Cheryl Cofield: "I don't feel no ways tired. I've come too far from where I started from. Nobody told me that the road would be easy. But, I don't believe he brought me this far to leave me." - J. Cleveland

Anthony McCray: "As we are, so we do; and as we do, so is it done to us." - Ralph Waldo Emerson

Vincent L. Smith: Life, comprehensive in its brevity, serves only as a gateway to a potential and perpetual peace and joy.

Michael Gosine: Any philosophy brings forth one's view of life, but my philosophy is that those viewpoints be carried out in life.

John Wilson: A man without a purpose has no existence, but a man who seeks a beginning exists forever.

STUDENTS EXCEL

In the search for knowledge, members of the Class of '82 did not stop in the classroom. Their thirst for excellence found them in Summer Seminars. During the summer of '81 they were challenged in several fields such as engineering, veterinarian medicine, and leadership.

The seminars were not gifts for the talented Seniors. They worked hard and long for the chance to be accepted into the programs. In order to participate in any of these programs, strict criteria had to be reached and maintained.

IN COLLEGE EXPERIENCES

Competition for acceptance was not only limited to the walls of Camden High, but, in many cases, open to the schools of the nation. Even recommendation for a seminar is an honor.

The seminars helped to broaden the students' horizons. Also, it gave them better insight into their career choice. With their unquenchable thirst enticed, it is hoped that the Class of '82 will continue their search for knowledge.

SEMINARS

ALINE BELL was chosen as Camden High's beautiful Junior Miss for 1981-82. Friendly, dependable, intelligent, and industrious, Aline was a National Merit Scholarship Award Winner and an Honor Roll student. She was also a member of the Cooperative Education Program, serving as an accounting apprentice. In her future she plans to become a Certified Public Accountant. We are pleased to highlight Aline for all her achievements and wish her success.

KIMBERLEE BUELL gave unselfishly to serving CHS in many ways for four years. She was a member of the National Honor Society, Camden High Radio Station WCHS, and she served as an Editor of the **Castle Crier** and the **Purple and Gold**. Kim won many awards including the "Voice of Democracy" Speech Contest. Earning the respect of the CHS family, she was also elected Student Government Vice-President and a Homeroom Representative. Kimberlee Buell, a true leader, this is a salute to you.

CHERYL COFIELD is a well-mannered and caring individual. She served CHS as Vice-President of the National Honor Society, Treasurer of the Pep Club, and as Assistant Editor of the **Castle Crier**. Cheryl's scholastic achievements included being a National Merit Scholarship Award Winner.

It was a delight to see Cheryl perform for the Potpourri Players in school plays. With all of these attributes, it is no surprise to have her honored in the Senior Showcase.

MARILYN GORDON exemplified excellence in almost every endeavor. She was an Honor Student, a recipient of numerous individual achievement awards, a representative in the College Seminar Program, an Editor of both the **Castle Crier** and the **Purple and Gold**, and Senior Class Secretary.

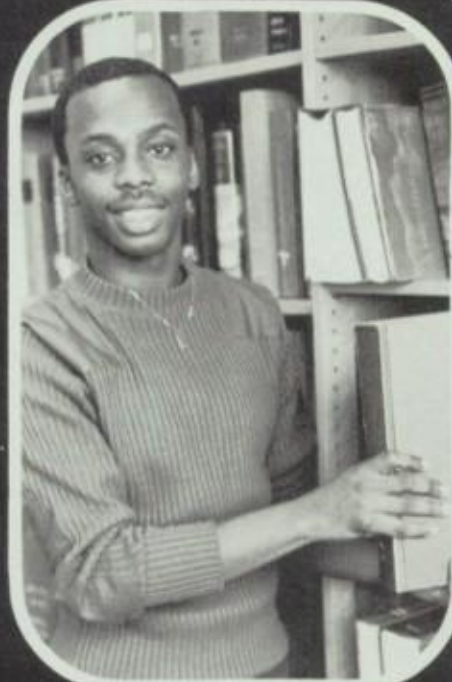

Marilyn was also involved in bowling and softball at The High. For being a National Honor Society member, a National Merit Scholarship Award Winner, and Valedictorian of the 1982 Class, she is praised in Senior Showcase.

LORENZO HOLLOWAY, a quiet student, let his achievements at CHS speak for themselves. He participated in many activities while attending The High including Orbit '81, PRIME, and the Academic Awareness Club. An Honor Roll student and a member of the National Honor Society, Lorenzo was chosen the winner of the Second City Wide Essay Contest.

During the summer of 1981, he attended Cornell Uni. for a six week seminar in veterinary medicine. Lorenzo showed his dedication to Camden and now we give him our accolades.

ROBERT JUDGE, a thoughtful, unassuming, and amiable young man, spent many hours of work in IPLE activities, Student Government, and in Homecoming and Steering Committees. Because of his efficiency and dependability, he was chosen President of the National Honor Society and Co-Faculty Editor of the **Purple and Gold**. We are happy to salute Robert for his fine efforts and wish him continued success.

DAVID LAMARR, a responsible young man, was a leader who was recognized by CHS selecting him President of Student Government and by him being appointed Senior Co-Editor of the **Purple and Gold**. Much of David's time was devoted to IPLE and PRIME activities.

He was chosen as CHS's representative to Boys State where he excelled as an organizer and leader. David is indeed a deserving candidate for Senior Showcase and we are proud to honor him.

WARREN WATKINS was one of CHS's most affable and caring students. His total involvement in school won him acclaim from everyone who recognized his talent, wit, humility, and commitment. Warren served as President of both his Junior and Senior Class, which truly exemplified his leadership and industriousness. A member of many school activities, including Underclassmen Editor of the school yearbook, Warren earned our plaudits as a most worthy member of Senior Showcase.

OAKS AWARD

WILLIAM S. THOMPSON AWARDED PRESTIGIOUS HONOR

Alexander Oaks, a former teacher of Camden High School, possessed much faith in youth. In memory of his ideals of young manhood, his family established the Oaks' Memorial Medal.

The Oaks Award is the most prestigious award that any senior male at Camden High School can receive. The recipient must exemplify the good qualities that made up the pattern of Mr. Oaks' life and his philosophy. He has traditionally been the young man who has won the respect and support of his teachers and classmates and who possesses the following characteristics: scholarship, character, personality, and athletic interest.

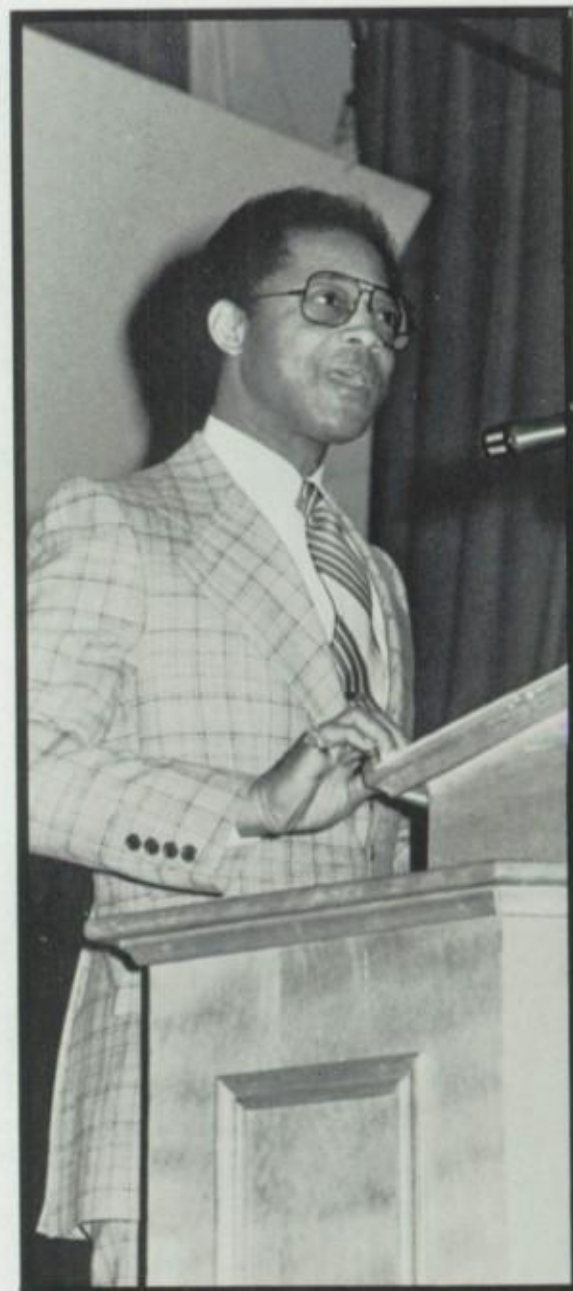

Juniors commence the Oaks and Dukes Award Assembly.

Oaks and Dukes Award winners converse secretly.

Sophisticated ushers profile for the assembly.

Guest speaker, Mr. Thomas Anderson, relates to students.

DUKES AWARD

MARILYN L. GORDON WINS COVETED AWARD

The W. Ida Dukes Award was established in 1941 by Mrs. Leila Wiggins, a former teacher of Camden High School, in honor of her mother Mrs. H. Ida Dukes. Mrs. Dukes devoted more than forty years of her life to social services for the underprivileged children of Camden.

The Dukes Award is the highest award that can be bestowed upon any senior female at Camden High School. The recipient has traditionally been a young lady who has won the approval of the faculty and her classmates because of her fine qualities: scholarship, leadership, maturity, generous personality, and character that reflects a high standard of ideals.

Award winners share happiness with the Principal, Ms. Cream.

Junior leaders share moments after assembly.

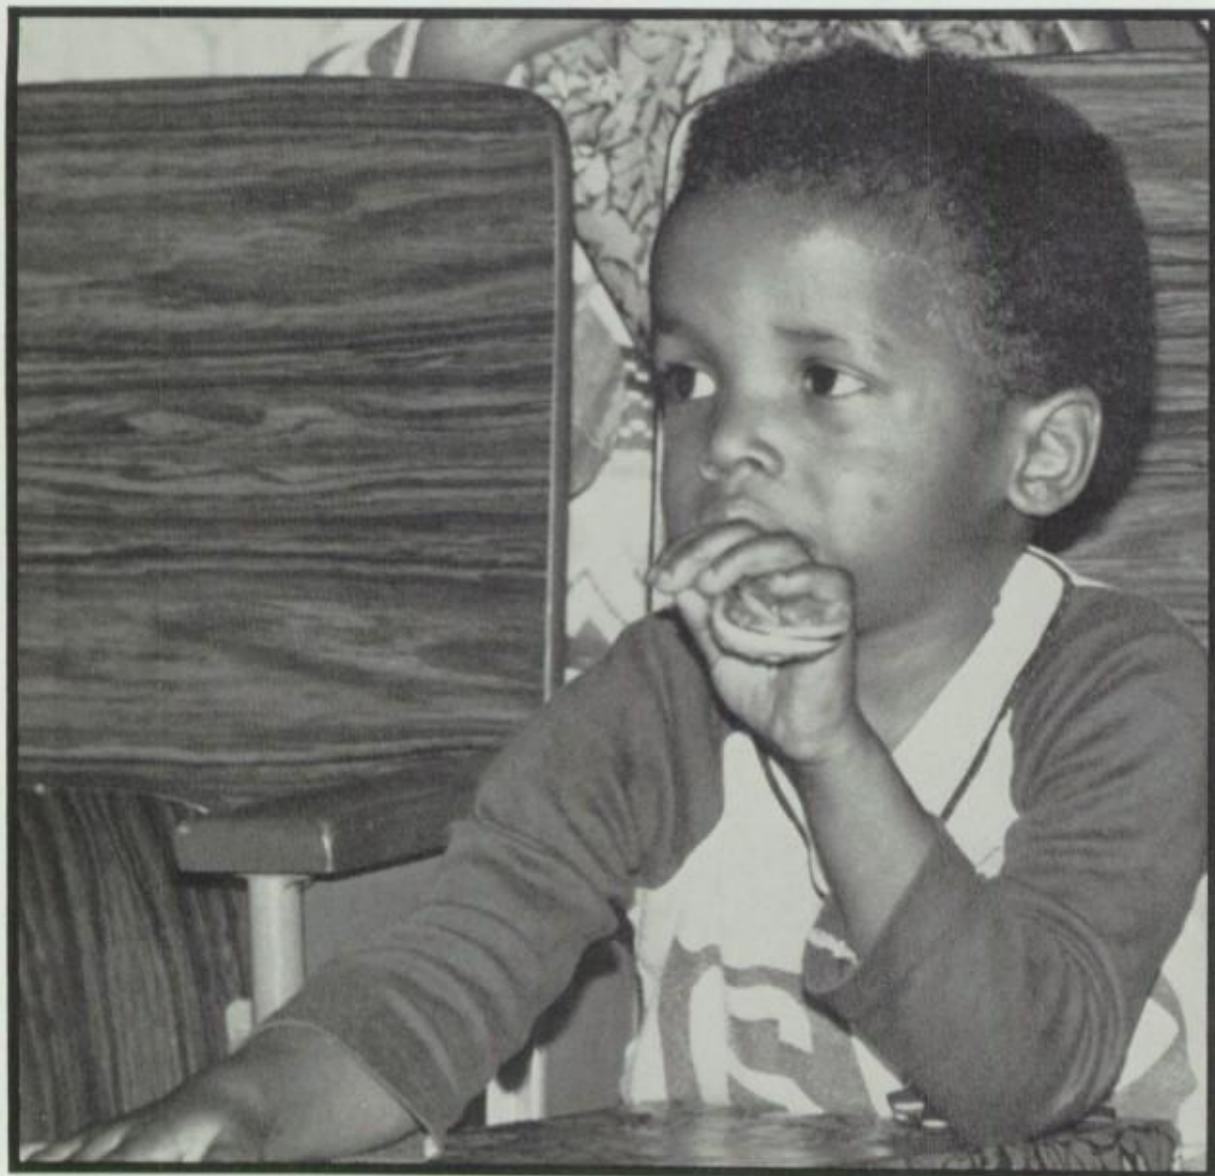

EXCELLENCE PROVED ON A NATIONAL TEST

The class of 1982 had five of their classmates win National Merit Scholarship Award Recognition. They were: Cheryl Cofield, Jacqueline Harris, Marilyn Gordon, Terrance Blevins, and Aline Bell. Such recognition brings prestige to our school by recognizing our students' outstanding Scholastic Achievement. In a world where scholarships exist as the tool that enables individuals to achieve success, it is important to note that Camden High students are competing successfully.

RILETTA L. CREAM PRINCIPAL

Dreams have fascinated human beings since virtually the dawn of time. In ancient times they were regarded as supernatural prophecies and even today dream interpreters offer to predict an individual's future by the portents of his dreams.

We need individuals who can vision things that never were. Our hope for tomorrow lies in each one of you assuming responsibilities of sharing your dreams with the world around you. Your dreams when shared can make a difference. Believe that **YOU** can make a difference.

Dreams are the predictors of progress; if you advance confidently in the direction of your dreams and endeavor to live the life which you have imagined, you will meet with success far beyond your hopes.

It is said that young people dream and old people daydream about their memories. If this be so, then each of you still have the opportunity to reach for the moon in hopes of building a brighter future for yourselves, your families and your city.

Never before have we had so little time in which to do so much. One today is worth two tomorrows. So start today putting into action those dreams that will open the many doors that are available to you for a bright tomorrow. Camden High needs your dreams, so does your family, your friends and Camden City.

I challenge you to make your dreams come true and together all of us can build a better world for mankind.

Yours 'til future dreams come true,

State of New Jersey

GENERAL ASSEMBLY
STATE HOUSE, TRENTON, N. J.

ASSEMBLY RESOLUTION

By Assemblyman RAND

Adopted June 22, 1981

WHEREAS, Camden High School, Camden County, has attained statewide and national attention for its outstanding achievements in several scholastic and athletic endeavors; and,

WHEREAS, In an era when one constantly hears about the lack of achievement of our young people, particularly in our urban schools, it is with a great deal of satisfaction that this body is able to point to the accomplishments of the high school students who are here with us today; and,

WHEREAS, Camden High's Principal and Chief Administrator Riletta Cream took over her duties in 1972 at a time of chaos, and with the help of her entire staff, brought a sense of unity, pride and accomplishment to this inner city school; and,

WHEREAS, Camden High now has a school newspaper which has placed number one in a nationwide competition sponsored by Columbia University, a science program called ORBIT 81 in which the students are working in conjunction with NASA to place an ant colony in space on an upcoming space shuttle flight, and a Junior Varsity Chess team which is ranked fourth in the nation; and,

WHEREAS, In addition to these scholastic successes, Camden High now has a track team which set several state records on its way to a perfect 7-0 record, a boys' basketball team that won the South Jersey Group 4 Championship, and a girls' basketball team that won its conference championship; and,

WHEREAS, These highlights of Camden High School's 1980-81 school year prove that a formula of hard work, determination and a sense of pride, along with the untiring devotion of the school's administration and faculty, result in the kinds of success and the type of young people which we salute here today; now, therefore,

Be It Resolved by the General Assembly of the State of New Jersey:

That this House hereby congratulates Camden High's Principal Riletta Cream, Dean of Students Lorenzo McFadden, and the school's entire faculty and student body for their outstanding accomplishments during this past school year, and praises these young people with the knowledge that our future is secure in their hands; and,

Be It Further Resolved, That a duly authenticated copy of this resolution, signed by the Speaker and attested by the Clerk, be transmitted to Camden High School.

Christopher J. Fachman
Speaker of the General Assembly.

Attest:

Jo Miller Jr.
Clerk of the General Assembly.

OUTSTANDING ACHIEVEMENTS IN SCHOOL ENDEAVORS

SCHOOLS + BUSINESS = SUCCESS

During the week of November 16-20, 1981, Camden High joined with schools across the nation in celebrating American Education Week. This year's theme was "Partners In Our Children's Future".

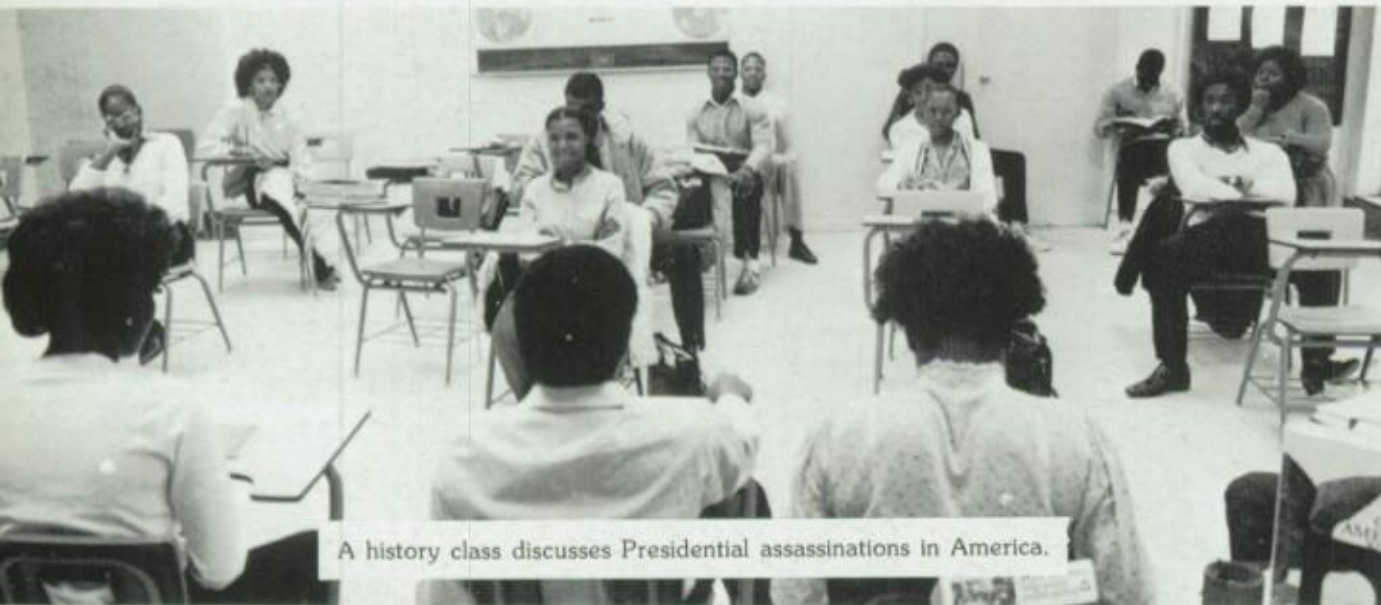

Camden highlighted the observance by inviting area businessmen into our school to observe students and teachers in their everyday activities. Over thirty business leaders participated in this effort "to show what CHS is all about". Questions, criticisms, and suggestions concerning how we could better prepare our students for jobs were welcomed from the companies.

The agenda for the day included an orientation to the school staff, a student-guided tour of the school, and a reception of delicious refreshments prepared by our own students. Our guests left with such comments as, "A most outstanding day", "excellent programs", and "a very positive atmosphere".

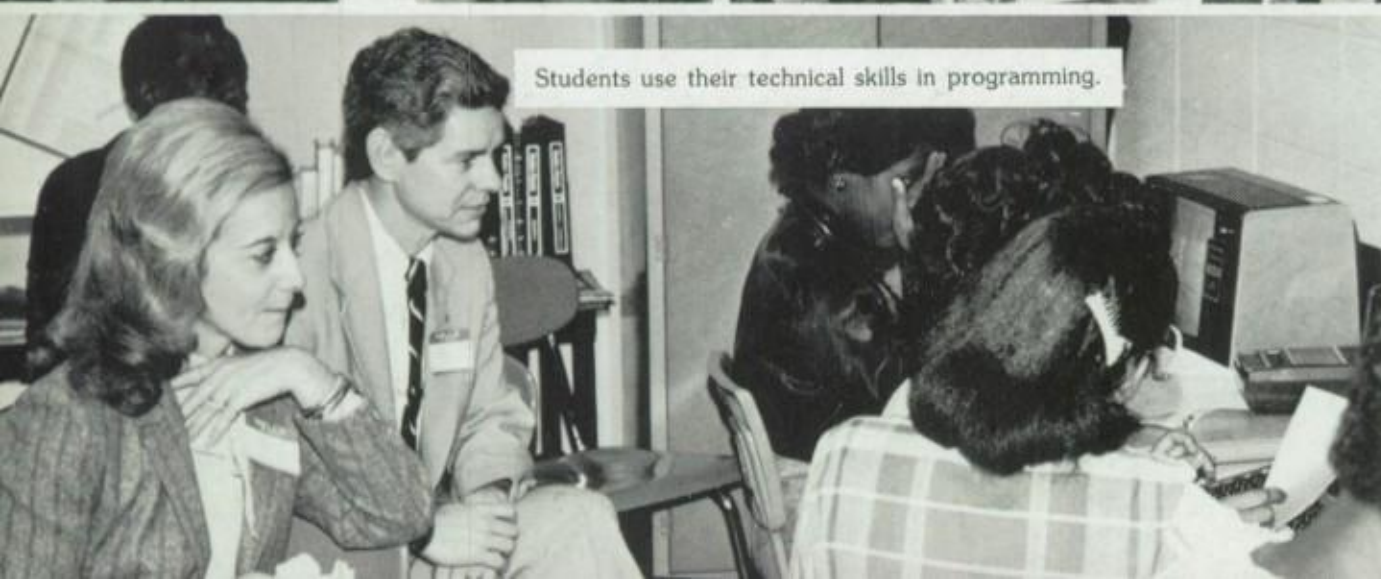

We know that their involvement will be a great benefit to us in the future.

COMEDY PRESENTED

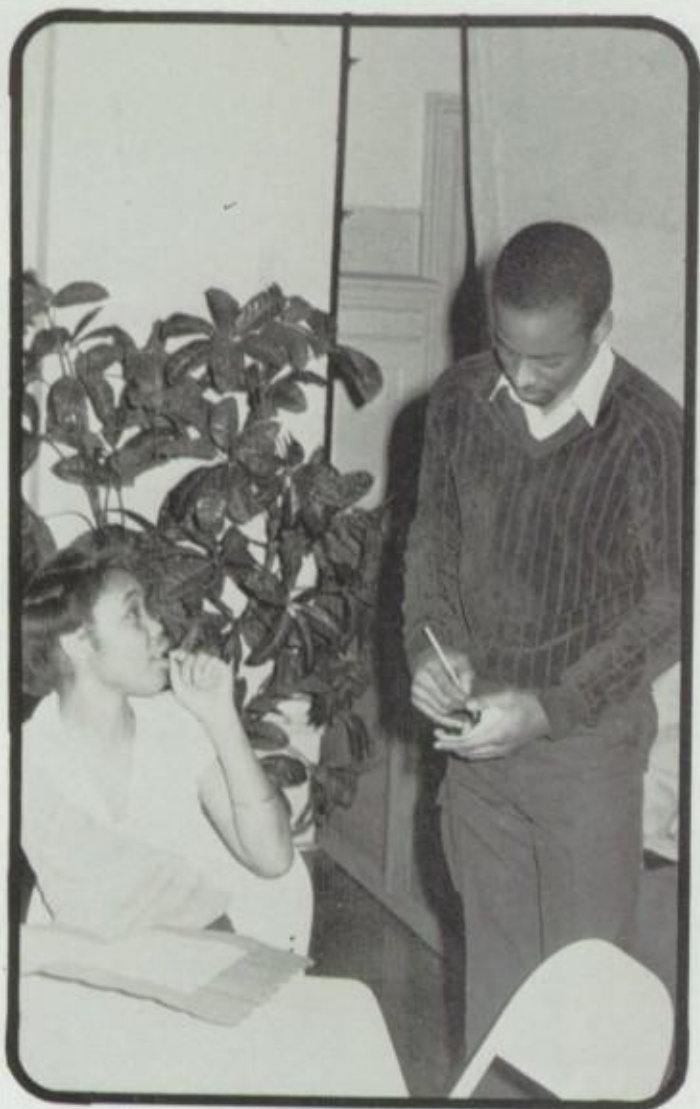

"Hey! She's eating all of our dessert!"

"Come on Cal, taste it!"

BY TALENTED PERFORMERS

"Do you accept Master Charge?"

On January 28 and 30, 1982, Camden High School's auditorium rang out with laughter. They were being taught the art of dining.

The Potpourri Players had once again provided the High with an hour and a half of entertainment, suspense, and humor.

The play, called "The Art of Dining", was written by Tina Howe and expertly directed by Mr. Alexander Hines. It used a comic approach in explaining what not to do or talk about when dining. In this comedy the diners acted out their own dramas over dinner, creating hilarity among the audience.

The cast was superb, providing a unique, enjoyable, and relaxing evening in the theatre.

"Ease up on the wine, Doris."

To Marilyn With Love Always Remember . . .

Give the best you have received from the past to the best that you may come to know in the future.

Accept life daily not as a cup to be drained but as a chalice to be filled with whatsoever things are honest, pure, lovely, and of good report.

Making a living is best undertaken as a part of the more important business of making a life.

Every now and again take a good look at something not made with hands — a mountain, a star, the turn of a stream. There will come to you wisdom and patience and solace and, above all, the assurance that you are not alone in the world.

Forget about the days
when it's been cloudy,
